

Safety Source First Aid Van Restocking and Inventory Program

This free service assures you that the best first aid supplies will always be there when needed. Our van delivers reasonably priced quality first aid supplies for your wall mounted or desktop first aid cabinets.

Taking care of small injuries and discomforts to workers while on the job can help prevent serious situations. Work site proximity to a nearby hospital can affect the amount and variety of your first aid supplies. Scheduled visits by our representatives will insure complete availability of the products you have chosen - clean and up to date.

- Restock or replace existing first aid kits
- Replace expired medications
- Provide products which help workers relieve common ailments which frequently come on without notice
- Customized safety kits for responding to emergencies based on your type of needs and likely injuries
- All safety kits meet or exceed OSHA guidelines

Safety Source's First Aid Van Restocking and Inventory Program is available in Massachusetts, Connecticut, and Rhode Island.
